Additional Routes.

Whenever, either by reason of the creation of a new county, or by reason of the change of the county seat of any existing county, any city or village not a county seat at the time of the adoption of this amendment is lawfully constituted the county seat of any county, the legislature is authorized to add to the trunk highway system such additional routes connecting such newly constituted county seats with other county seats and other points in the state.

When after at least seventy-five (75) per cent of the total number of the miles of the routes embraced in the trunk highway system hereinbefore specified shall have been constructed and permanently improved, the legislature shall have authority to add new routes to such trunk highway system; provided, however, that no such new routes shall be added until and unless the funds available for the construction, improvement and maintenance of such additional routes shall be sufficient therefor in addition to the construction, improvement and maintenance of the several routes hereinbefore specifically described.

Section 2. There is hereby created a fund which shall be known as the trunk highway sinking fund. Said fund shall consist of the proceeds of any tax imposed on motor vehicles as herein authorized. The moneys in said fund shall be used for the payment of the principal and interest of any bonds which may be issued under the authority of this article; and any moneys in excess of such requirements shall be transferred to a fund which is hereby created and which shall be known as the trunk highway fund. The trunk highway fund shall be used solely for the purposes specified in section 1 of this article, and when duly authorized by legislative enactment to reimburse any county for the money expended by it subsequent to February 1st, 1919, in permanently improving any road hereinbefore specifically described, in accordance with plans and specifications therefor approved by the commissioner of highways.

Section 3. The legislature is hereby authorized to provide, by law, for the taxation of motor vehicles, using the public streets and highways of this state, on a more onerous basis than other personal property, provided, however, that any such tax on motor vehicles shall be in lieu of all other taxes thereon, except wheelage taxes, so-called, which may be imposed by any borough, city or village. Any such law may, in the discretion of the legislature, provide for the exemption from taxation of any motor vehicle owned by a non-resident of the state, and transiently or temporarily using the streets and highways of the state. The proceeds of such tax shall be paid into said trunk highway sinking fund.

Section 4. The legislature may provide by law for the issue and sale of the bonds of the state in such amount as may be necessary to carry out the provisions of section 1 of this article, provided, however, that the amount of bonds which may be issued in any one calendar year shall not exceed, in the aggregate, ten million dollars, par value, and provided, further, the total amount of such bonds issued and unpaid shall not at any time exceed seventy-five million dollars, par value. The proceeds of the sale of such bonds shall be paid into the treasury of the state and credited to the trunk highway fund. Any bonds so issued and sold shall be for a term not exceeding twenty (20) years. They shall not be sold for less than par and accrued interest and shall not bear interest at a greater rate than five per cent per annum. In case the trunk highway sinking fund shall not be adequate to meet the payment of the principal and interest of the bonds authorized by the legislature as hereinbefore provided, the legislature may provide by law for the taxation of all taxable property of the state in an amount sufficient to meet the deficiency, or it may, in its discretion, appropriate to such sinking fund moneys in the state treasury not otherwise appropriated.

Section 5. Any and all provisions of the constitution of the state of Minnesota inconsistent with the provisions of this article, are hereby repealed, so far, but only so far, as the same prohibit or limit the power of the legislature to enact laws authorizing or permitting the doing of the things hereinbefore authorized.

Section 2. This amendment shall be submitted to the electors of the state at the general election next ensuing after the passage of this act, in the manner provided by law, and the votes thereon shall be counted, canvassed, and the result thereof proclaimed, as provided by law. The ballots used at such election shall have printed thereon the following:

"Amendment to constitution by adding thereto a new article, to be known as article 16, and creating a trunk highway system; authorizing the taxation of motor vehicles to create a fund for the construction and improvement of the same; authorizing the enactment of laws providing for the issuance of the bonds of the state, and the payment of the principal and interest of such bonds.
